Discounted Room Nights
To Patients & Families

We know that housing is just one small aspect of your treatment plan. Our crew's hope is that staying in a Compass Cares apartment will alleviate some of the stress you and your family are facing during this difficult time. We are confident our apartments will be the most comfortable, clean and professionally managed option you'll find.

Don't Take It From Us. Hear It Straight From Our Families.

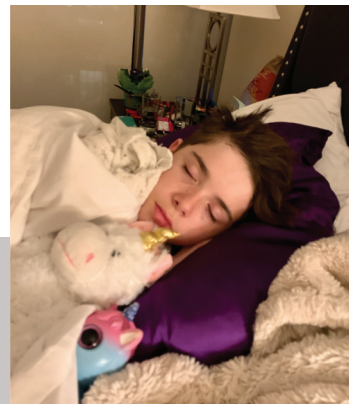

The Dining's stayed in a Compass Cares apartment while having surgery to treat MALS. Follow their journey and experience the difference when staying with Compass.

"Heading to Connecticut to have John's surgery. This is a big day!"

"Day of surgery, in recovery at Stamford Hospital! We're incredibly grateful that we have a wonderful place to go when we leave here."

"Sleeping peacefully on our first night out of the hospital in our Compass Cares apartment!"

"Our first adventure to get fresh air during recovery was to Cove Beach. Having something like this so close was an unexpected delight."

"Having an experience that created JOY as part of this journey is something I find difficult to articulate the importance of."
